Hiring Manager  
Meta Technologies Philippines  
Pasay City, Metro Manila

Dear Hiring Manager,

I am applying for a Developer Internship or Part-Time Technical Role at Meta Technologies Philippines. I am a third-year IT student at Filamer Christian University, graduating in June 2026, with skills in Python (Django), JavaScript, Vue.js, MySQL, and responsive design using Tailwind CSS.

My main project, the Online Activities Management System, gave me hands-on experience in building secure, user-friendly platforms. I am eager to learn, contribute, and grow while supporting Meta's mission of innovation and connection.

Thank you for considering my application. I look forward to the opportunity to contribute to your team.

Sincerely,

Joshua Simpas

Hiring Manager  
Amazon Web Services (AWS) Philippines  
Quezon City

Dear Hiring Manager,

I am applying for a Part-Time Developer or Technical Internship at AWS Philippines. I am a third-year IT student at Filamer Christian University, graduating in June 2027, with skills in Python (Django), JavaScript, Vue.js, MySQL, and responsive design using Tailwind CSS.

One of my key projects, the **Classroom Management System**, gave me hands-on experience in building a platform that streamlined scheduling, attendance tracking, and resource allocation. I implemented secure authentication, efficient relational data management, and a responsive interface to support multiple roles such as administrators, teachers, and students. This project strengthened my ability to design scalable, user-focused systems that align with AWS's mission of delivering reliable cloud-powered solutions.

I admire AWS's leadership in cloud computing and I am eager to learn, contribute, and grow while supporting your team.

Thank you for considering my application. I look forward to the opportunity to contribute to AWS Philippines.

Sincerely,

Joshua Simpas
